Pre-University Course (PUC) – Commerce
Government PU College, Sringeri

86%

SSLC (10th Standard)
Government High School, Vaikuntapura

82.5%

TECHNICAL SKILLS

Programming & Web Technologies | Databases | Tools

Python	Java	C	C#	JavaScript
HTML5	CSS3	Flask	React (Basics)	Spring Boot
MySQL	SQLite	Git & GitHub	VS Code	Jupyter Notebook

Core Concepts: OOP • DBMS • SDLC • Data Structures & Algorithms • Version Control (Git)

PROJECTS

Hospital Management System

C Programming

Developed a console-based Hospital Management System to streamline hospital operations including patient registration, doctor information management, appointment scheduling, and record maintenance using structured programming in C.

- ▶ Patient registration and record management with file-based persistent storage
- ▶ Doctor and appointment management with search and update functionality
- ▶ User-friendly menu-driven interface using file handling techniques

ResumeCraft – Resume Builder Web Application

Java | Spring Boot | React

Designed and developed a modern full-stack resume builder application enabling users to create professional resumes through an intuitive, responsive web interface with real-time preview.

- ▶ Dynamic resume creation and editing with organized section management
- ▶ Real-time preview of resume content with responsive design
- ▶ Secure backend REST API architecture built with Spring Boot

INTERNSHIP EXPERIENCE

Java Full Stack Development Intern

Mysuru Trainers and Developers

Completed practical training in Java Full Stack Development focusing on Spring Boot and React, gaining hands-on experience building web applications end-to-end.

- Core Java and Object-Oriented Programming
- Spring Boot framework and RESTful Web Services
- React.js Development with database integration and Git version control

CERTIFICATIONS

- Generative AI Certification — Google
- Java Swing Development Course — Udemy
